

Wet/Dry Vacuum Cleaner

Connect Electric Tools up to 15 AMPS

Can Be Used With or Without Filter Bags

MODEL CS 1225

With Automatic Pulse Filter Cleaning System and Outlet for Electric Power Tools

Electromagnetic Pulse Filter Cleaning System vibrates both filters to remove dust. Cleaning can be activated automatically or manually. This maximizes suction and doubles filter life.

- Electromagnetic Pulse Cleaning System maintains maximum airflow and suction with automatic filter vibration.
- "Power Take Off" outlet activates the vacuum ON/OFF from the power tool switch. Includes a 7 second shut-off delay to clean any dust in the hose.
- 4 Modes of operation: regular vacuum; power tool activation; auto-clean and auto-clean with power tool activation.
- 99.93% filtration efficiency of particles of 0.3 microns.
- Wet vacuuming capability with sensor for automatic shut off to protect motor and filters.
- Includes a 15' hose and 25' power cord for easy portability on jobsite.

CS 1225 H HEPA Vacuum with HEPA Filtration

- 99.999% filtration efficiency
- 0.1 - 0.3 micron retained particles
- 99.995% required dust retention*

*Referring to MIL-STD 282 Type C
