

NAC BOARD

FLOORING PAPER & TAPE

NAC Board

A breathable surface protector that allows floors to continue the curing process. This easy-to-use painter board lays flat when rolled out and the innovative liquid repellent technology ensures no paint, mud or water will get through to your surface. The robust NAC Board will last for the duration of the job,

- **More than 2.5X thicker than Builder's Paper**
- **Lays flat and is easy to work with**
- **Available in 35" x 100' rolls**
- **Use with NAC Board tape - 48mm x 50m (2") rolls**

NAC FLOOR BOARD

FLOORING PAPER & TAPE

NAC Floor Board

This contractor strength, heavy duty floor protection is made from 100% recycled fibers and is reusable. NAC Floor Board protects all types of flooring such as hardwood, concrete, stone, tile, linoleum, epoxy, VCT and more. The thick, lightweight board protects your flooring from heavy construction equipment like forklifts, while the innovative liquid repellent technology ensures no paint, mud or water will get through to your surface.

- **5X thicker than Builder's Paper**
- **Breathable to allow curing of floors**
- **Available in 38" x 100' rolls**
- **Use with NAC Floor Board tape - 72mm x 54.8m (3") rolls**
