

NATURAL STONE NEUTRAL CLEANER

STONECLEAN

ALL NATURAL STONE

BIODEGRADABLE 

WHAT IT'S FOR

- Gently cleans all natural stone wall and floor coverings.
- Safe for pretreated and delicate surfaces.
- Essential in the post-installation cleaning of acid sensitive materials such as marble, limestone and travertine.

ADVANTAGES

- Does not damage delicate surfaces.
- Ideal for maintaining waxed and laminated surfaces.
- Highly concentrated – can be diluted according to use.
- When diluted 1:200, it does not leave a residue, does not require rinsing and can be used in floor cleaning machines.
- Pleasantly scented.
- Biodegradable.

HOW TO USE IT

For everyday maintenance: Dilute 1:200 (one capful of **STONECLEAN** per gallon of water) for a no-rinse application. Can be used directly in the water tank of a floor cleaning machine when diluted 1:200.

For stubborn dirt: Dilute 1:30 (1 cup of **STONECLEAN** per gallon of water), scrub and rinse.

For the initial post-installation cleaning of all stone surfaces: Dilute **STONECLEAN** 1:30, apply to the floor and scrub with a brush or floor scrubber with a white pad. Remove residue with a mop or wet vac and rinse thoroughly.

Caution: Do not use **STONECLEAN** on carpet or waxed wood floors.

Storage temperature: between 41°F and 86°F (5°C and 30°C).

Must be applied at temperatures between 41°F and 86°F (5°C and 30°C).

- **NON ACIDIC – DOES NOT CONTAIN AMMONIA OR ALCOHOL.**
- **CONCENTRATED FORMULA - MORE THAN 150 APPLICATIONS PER GALLON.**

Coverage:

(1 GAL - 3.78 L)

Everyday maintenance › Dilution 1:200

61,115 sq. ft. (5,678 m²)

Post-installation cleaning of stone › Dilution 1:30

2,040 sq. ft. (198 m²)

Coverage rates are indicative and per coat.

Packaging:

1 GAL (3.78 L) 4 plastic bottles per box

1 QT (946 ml) 12 plastic bottles per box
