Built for Professionals

CONCRETE SAW

TCS 14" WALK BEHIND SAW

Folding handle,
easy to transport

All wrenches
included

Steel water
tank included
1.3 Gal

Screw belt tensioner
prevents for damage

Heavy-Duty frame
reduces vibration

SPECIFICATION	TCS
Power Source	Honda 8HP / Kohler 9.5HP
Max blade diameter	14"
Max depth cut	4-3/4"
Arbor diameter	1"
Water tank capacity	1.3 gal
Overall width	17"
Overall length	31"
Overall height	42"
Weight	132 lbs

- Easy access to bearings and belts for maintenance.
- 5 years warranty on all Heavy-Duty construction steel parts.
- Blade is not included.

*RPM's are based on the machine's accessory speed. *NET HORSEPOWER STATEMENT - *As rated by the engine manufacturer. The power rating of the engine indicated in this document is the net power output tested on a production engine for the engine model and measured in accordance with SAE J1349 at 3600 rpm. Mass production engines may vary from this value. Actual power output for the engine installed in the final machine will vary depending on numerous factors, including the opening speed of the engine in application, environmental conditions, maintenance, and other variables. **Call for availability. **WARNING: CALIFORNIA PROPOSITION 65: Please read page 60 for warnings.**

Designs and specifications subject to change without notice or obligations.
Exact weights are dependent upon power source.
